FOUR DEATHS AND SEVENTEEN CASES

Yellow Fever In New Orleans Declare Officials.

SITUATION IS VERY SERIOUS

The Authorities Claim They Can Control the Plague—People Are Leaving Wherever Possible—Quarantine Regulations Getting More Strict.

New Orleans, August 5.—Up to noon today seventeen new cases and four deaths from yellow fever were reported to the city board of health.

Situation Is Precarious.

New Orleans, August 5.—Extreme measures which some of the country districts are taking to guard themselves from yellow fever threatens to put a temporary stop to train service and may bring the federal government into the fever situation in the south. The most radical action thus far taken is that of the police jury of Calcasieu, the second largest parish in the state. It has passed resolutions ordering that all traffic, travel and intercourse between Calcasieu and points east, north and west shall cease at once, and that no one shall be permitted to enter the limits of the parish until further orders. In consequence of this resolution the Southern Pacific has been ordered from today to run no more trains through Calcasieu which means an abandonment of the through service of the line to the west. The Watkins trains and the Kansas City Southern trains have also been stopped. It is understood that the quarantine in a day or two will be extended to oall freight trains. The effect of the orders is stop all mail service into or through Calcasieu.

Guards Shot at Negro.

Rapides has shut her doors to everything except mail and fuel oil. At Abermentau, La., shots were exchanged between guards and a negro who was trying to run the quarantine. Grant parish has instituted a shotgun quarantine, stopped all trains and shut herself off completely from mail service. Lafayette, La., has issued orders that only mail and disinfected freight shall come into that parish. Tensas parish has quarantined all passengers, baggage, household goods, fruits and fabrics.

Precautions as radical as these have been taken in many other sections of the south and there is apparently as great a panic now prevailing as at any time during 1897, the bulk of the country laymen refusing to put their faith in the mosquito theory. Although the report of 54 new cases in the preceding 24 hours would ordinarily have a tendency to cause alarm here, people find assurance in an analysis of the detaile dreport made by the board of health. It is shown that of the 54 cases 29 were rooted out of concealment by Surgeon Farrar Richradson, of the Marine hospital service and his assistants.

The area of infection is increasing below Canal street, but the disease is making feeble progress above.

People Leaving Louisiana.

The exodus from Louisiana towns where fever has appeared continues. A large number of people have gone north and east from Shreveport and points in that section of the state. At Alexandria as the result of a mild case there one hundred citizens chartered a special train to leave there today. Yet the patient that has caused the panic is reported to have so far recovered as to be able to sit up in bed and smoke a cigarette.

Owing to the quarantines there is great suffering on the part of those who are fleeing from the country districts of North Louisiana. Two thousand refugees were compelled to remain in their trains at Jonesboro, Ark. The trains were surrounded by state troops. So hurriedly had the trains been made up that no provision had been made for food and water and the refugees were hungry and famished and their piteous appeals for food were refused. The unfortunate passengers many of whom were women and children, were not permitted to put their heads out of the windows to get a breath of fresh air.

Local Pacific officials said today that they did not expect that the redical quarantine measures adopted in Calcasieu would stop the passage of the United States mails. The road has arranged to carry the mail car with an engine each day from one end of the parish to the other. Trains on the Southern Pacific today are only running as far as Mermenton.

Mayor Behrman has issued an appeal to merchants to conduct themselves so that their employes may assist in street cleaning work. A dispatch from the Rigolets says:

The Louisiana naval reserves, under Lieutenant Ivy, in the oyster commission lugger Nunez, captured in Ship Island canal the Mississippi patrol boat Tipsey.

Missouri Puts on Quarantine.

St. Louis, August 5.—The quarantine order issued by the Missouri board of health against districts affected by yellow fever, will be enforced along the eastern borders of the state as far north as St. Louis is along the entire southern border, and along the western border as far north as Kansas City.

The establishment of quarantine stations or detention camps will be in the hands of the different local boards of health, unless it is found necessary by the state board to intervene. In case persons succeed in entering the state from the danger zone of the south, they will be detained in cities or towns farther in the interior if unable to exhibit a bill of health.

Mississippi Situation Unchanged.

Jackson, Miss., August 5.—The situation in Mississippi today is unchanged, no new points of infection are reported, and no new cases have appeared at Lumberton or Summerall. Local quarantines are being lightened as a result of last night's report from New Orleans.

Captain Gorman and a detail of privates from company A at Vicksburg, passed through the city this afternoon enroute to the gulf coast to reinforce the quarantine guards. The Mississippi troops doing duty on the coast are under the exclusive directions of the marine hospital service, privates being paid $2 per day.

No Curtailment of Service.

Memphis, Tenn., August 5.—The local Illinois Central officials here report that, although the quarantine regulations are extremely strict, there has as yet been no curtailment in its train service on this account, all trains running as far south as Haraisón, a point this side of New Orleans, passengers and crews changing cars in both directions Up to the present time there has been no clash with the quarantine authoritis.

Quaraptine Fever Suspects.

New York, August 5.—Four fever suspects were taken from the steamer Nueces from Galveston today at quarantine and transferred to Hoffman Island for observation as to the cause of abnormally high temperatures. One was a steerage passenger and the other members of the crew.

Mobbed for Striking a Woman.

New York, August 5.—Brudenew Exton, who asserts that his grandfather was lord mayor of London, is a prisoner in the Tenderloin police station under a charge of disorderly conduct Exton, who also claims to be an insurance broker, is said by witnesses to have knocked down a woman in front of a Broadway hotel conversing with an acquaintance. Exton stumbled against the woman by accident, but she screamed for help loudly and half a dozen jumped upon the unfortunate broker at once. He was beaten to the sidewalk and in a moment half a hundred loungers were attempting to hit him. A policeman beat his way through the crowd and rescued Exton from serious injury. He was hustled away, and during the excitement the woman disappeared with her little daughter by whom she was accompanied.

SANFORD'S FATE IN HANDS OF THE JURY

Case Given to Jurymen At Ten O'clock Friday Morning.

COURT ROOM WAS CROWDED

The Closing Speech for the Prosecution Was Made By Attorney Copeland—Excitement Runs High, as Both Sides Have Many Friends.

Rome, Ga., August 5.—Court opened this morning at 8 o'clock in the Sanford murder case with a large crowd in attendance. Colonel Copeland of the state, immediately began the delivery of his argument, which was the sixth and last to be made in the case.

Mr. Sanford and his counsel entered the court room promptly.

It was privately announced to Juror Brandon that his mother was much better.

As Colonel Copeland progressed, the crowds became larger and before 8:30 many persons were standing. The argument was eloquent and impressive and a magnificent effort. Colonel Copeland spoke for two hours, concluding at 10 o'clock.

The gun with which Wright was killed, the clothes worn by the victim, photographs, maps and other evidence admitted, including the indictment for murder, were tendered to the jury.

The court room was crowded and many persons were on the outside who could not gain admission to the court room.

Judge Mose Wright began his charge to the jury at five minutes after 10 o'clock. The judge charged the law on murder and voluntary manslaughter.

The case then went to the jury.

PLANS TO FLOAT RUSSIAN LOAN.

M. Witte Has Held Conference with Wall Street Bankers.

New York, August 5.—Plans are on foot to float a Russian loan in America, and conferences with this object in view already have been held, says the Herald, between Mr. Sergius Witte, the Russian senior peace envoy and representatives of one or two of Wall street's most prominent banking firms and institutions.

It is understood, continued the Herald, that further conferences will be held and that the information which M. Witte obtains will have a highly important bearing on the outcome of the peace negotiations which are soon to begin.

If Mr. Witte finds that he is able to place a loan in the United States and it is believed by prominent financiers that if the terms are satisfactory he can do so, the aspect of the Russian cause may be materially changed when the peace plenipotentiaries make known their propositions to each other.

Heretofore, it has been believed that no Russian loan could be floated in this country unless it were based on a cessation of the war and the promise of internal reforms in Russia. Information was given M. Witte last night, however, that indicated the willingness of at least one, and possibly two, prominent banking houses to consider the price Russia would pay for negotiating a loan.

New Electric Roard in Alabama.

Opelika, Ala., August 5.—It was officially announced in this city today that contracts had been let and preparations made for constructing an electric car line between this city and Auburn, for which 10 miles of track will have to be laid. The capacity of the Opelika electric plant will be increased threefold to furnish power for the road and light and power for Opelika for $300,000. Work of construction is to begin within thirty days.

Drummer Dies of Apoplexy.

Nashville, Tenn., August 5.—B. F. Hagan, traveling salesman for a Nashville, wholesale drug house, was found dead in a room at a hotel in Tuscumbia, Ala., this morning. Death resulted from apoplexy.

CHINA BOYCOTT EXAGGERATED.

Minister Barrett Says There Is No Need of Any Alarm.

San Francisco, August 5.—John Barrett, the newly appointed minister to Colombia, is here in connection with the commercial relations existing between the United States and China, particularly as regards the boycott inaugurated by the Chinese guilds against American products. He insists, however, that his mission is not of any official character, but simply to acquaint himself with the feeling of the coast as to the boycott and interviews one of the merchants who are engaged in the trade.

Minister Barrett, while conceding that the Chinese guilds are all powerful in the country, is of the opinion that the present alarm shown by the people of this country, over the action of the Chinese is unnecessarily exaggerated. He firmly believes that whatever grievances the Chinese guilds have will soon be dispelled when they are made to realize that our government is disposed to act fairly with them in the matter of immigration.

He is also of the opinion that our future policy as regards the Orient will depend much upon the results of the peace conference than the reports of theJapanese and Russian, and predicts that the next two years will witness a great change in the policy of the United States. Such a change will be attended with a noticeable improvement of our commercial relations in the Far East.

SWINDLER CAUGHT IN CHICAGO.

Succeeded in Getting Much Money on Raised Postoffice Orders.

Chicago, August 5.—Charged with swindling merchants in 21 cities out of thousands of dollars, Norman E. Roberts, alleged money order raiser and forger, was arrested last night as a substation. Roberts said he was a salesman until a few months ago. He is 27 years old and comes from New York, but has a wife living in Paltimore.

Roberts' method has not differed from that of seevral other swindlers, including one woman, who have sent been sent to the penitentiary from Chicago within the last three years. The forger buys a money order at a substation usually for 25 cents, and payable to some other person. Then all the writing is erased with chemicals and the blanks are filled out for any amount under $100. In Chicago the signature of Postmaster Coyne was forged.

The raised order then is offered by the swindler to some business house in exchange for small purchases and the remainder, which the forger receives, represents the amount of his dishonest gain.

ATTEMPT TO BLOW UP SHIP.

Capped Fueses Found In the Coal Hold While In Midocean.

San Francisco, August 5.—An attempt to blow up a ship in midocean has been reported by Captain C. Tousee, of the French ship Asnieres, which has arrived here from Swansea, Eng., loaded with coal. He left that port in January last and six weeks later, when far out at sea, a dozen capped fuses such as are used by miners to explode charges of dynamite, were discovered in the hold of the ship among the coal.

Had one of the fuses become ignited by a shock in a part of the hold where coal gas had accumulated, the ship would undoubtedly have been blown to atoms. Two or three of them had exploded, but fortunately at points where there was no gas and consequently no damage was done.

The presence of the fuses among the coal was discovered only by accident, where, during some rough weather men were sent down into the hold to level the coal and found them. The Asnieres belonged to the Societe Anonymome des Longs Corriers Aracas of Paris.

Discuss Norwegian Situation.

Copenhagen, August 5.—Crown Prince Gustave of Sweden, arrived here today to discuss with King Christian the question of the Norwegian throne.

SAKHALIN ISLANDS CAPTURED BY JAPS

Russians Surrender After Very Slight Resistence.

TOKIO GETS AN OFFICIAL REPORT

Three Thousand Men and Ammunition and Supplies, Etc., Fall Into Hands of the Victors—Islands Formerly Belonged to Mikado's Domain.

Tokio, August 4.—Noon.—A report giving details of the final [illegible] surrender of the majority of the Russian garrison on Sakhalin Island, has been received as follows:

"An independent cavalry column on the afternoon of July 28 attacked the enemy south of Palco and [illegible] driving him southward, capturing two field guns besides a number of rifles and a quantity of ammunition.

"On July 29, the cavalry being reinforced, pursued the enemy south of Taylan, which lies 25 miles south of Rykoff. The enemy halted at a point 25 miles south of Tayan and at 9 o'clock on the morning of July 30 sent a letter under a flag of truce to the Japanese commanding officer from General Liapnoff, the Russian governor saying that the lack of hospital material and medicines and the consequent inability to succor the wounded compelled him from a sense of humanity to terminate hostilities.

"The commander of the Japanese forces replied demanding the delivery of all war supplies and property of the Russian government, the unconditional and the delivery of all maps, charts, records and papers relating to the Russian civil and military administration and requiring their delivery to him at 11 o'clock the morning of July 31, otherwise an attacking movement would be started.

"Colonel Tolivitch, on behalf of Governor Liapnieff, met Colonel Kuroki, Japanese chief of staff, on the morning of uly 31, and accepted the proposed terms.

"Governor Liapnoff, 70 officers and 3,200 men of the Russian garrison have surrendered.

"The spoils, consisting of [illegible] papers and military supplies are now under investigation."

Japanese Sails for Europe.

New York, August 5.—O Kamimura the apanese commander, who during the battle with Admiral Rojestvensky's squadron, sailed the armored cruiser Tokiwara, left New York today on the steamship Celtic to take charge of the new Japanese battleship Katori now building in Scotland. Lieutenant Commander K. Sato, and other officers accompanied. Commander Kamimura The Katori, now at Glasgow will be ready to put to sea for trial a year, even should the Russian Japanese war end immediately. The Japanese officers are sent to inspect the battleship's completion. Other passengers on the Celtic included Mrs. Victor F. Lawson, of Chicago.

Troops May Pass Through States.

Washington, August 5.—The state department today telegraphed the British ambassador and American consul general today that the governors of New Hampshire, Vermont and Massachusetts have formally consented to the passage through these states for the Forty-third Canadian regiment (the duke of Cornwall's Own) who are now in Ottawa, waiting to proceed on a visit Boston and Providence. The only restriction is in the case of Massachusetts, where the state law prohibits the assembly for parade. The telegram to the ambassador was addressed to him at New York and at the summer home at Lenox.

Floridian Commits Suicide.

Nashville, Tenn., August 5.—John H. Gray, of Panassofkee, Fla., committed suicide in a hotel here today by drinking carbolic acid. He registered at the hotel as "Jack Gordon, Chattanooga, Tenn." He was later identified as John H. Gray.

THE GAINESVILLE LIBRARY CONTEST

A Large Vote Polled During the Past Week.

CONTEST IS GETTING EXCITING

The Odd Fellows' Home Gets a Large Vote—Kirby Smith Chapter a Good Second—Twentieth Century Club is Third.

There seems to have been considerable activity in the vote getting last week and the Odd Fellows' Home has 23,977, while Kirby Smith Chapter adds 14,227 to the number previously recorded. The Odd Fellows' Home got a big vote from W. R. Thomas, while the others have their votes well scattered.

It is quite likely that the vote of this week will make a better showing with some of the other contestants, as the workers will all be out and do their best for their favorites.

Only seven different organizations were in the counting, the High School being passed by the Union Academy. Two of the voting places have not sent in their ballots for the past week.

The vote up to date is as follows, with 11 votes cast for the P. O. S. of A.:

Kirby Smith Chapter	79,785
Twentieth Century Club	65,066
Odd Fellows' Home	48,112
Earnest Workers	32,745
Union Academy	6,481
High School	5,359
Knights of Pythias	2,586
Masons	1,247

NEW FORM OF INSURANCE.

The Mutual Life Industrial Association is a Good Thing.

The Mutual Life Industrial Association of Georgia has an advertisement in this issue which it will certainly pay prospective purchasers of life insurance to read carefully and consider. It is a revelation in life insurance, insuring holders of a Mutual Industrial policy at less than one-fifth of the rate charged by the old-line company, and affording an equal guarantee to the beneficiaries at time of death.

This company was formed under the laws of the State of Georgia, and, as its name indicates, is mutual and fair to all policy holders. It is a company where every policy holder stands on an equal footing, where the affairs of the company are handled and controlled by local officers, and a plan which, while cheap, cannot fail. While it is true there are no enticing twenty-year tontine inducements tagged to the policy, it is a plain, straight, honest business-like proposition to any man of moderate means who desires to protect his family in case of death, and a plan which is every day meeting more universal approval.

A number of the best and most conservative business men in the city are directing the affairs of the Alachua Division of this Association, of which B. B. Hopson is manager, and it will at least interest our readers to note the extraordinary inducements offered.

This notice is given so that all concerned may appear before the board with their grievances, if any they have.

A Touching Story

Is the saving from death of the baby girl of Geo. A. Eyler, Cumberland, Md. He writes: "At the age of 11 months, our little girl was in declining health, with serious throat trouble, and two physicians gave her up. We were almost in despair, when we resolved to try Dr. King's New Discovery for consumption, coughs and colds. The first bottle gave relief; after taking four bottles she was cured, and is now in perfect health." Never fails to relieve and cure a cough or cold. At all druggists; 50c and $1; guaranteed. Trial bottle free.

UNCLE SAM NOW HAS YELLOW FEVER

Under the Direction of His Doctors at New Orleans.

CONFIDENCE BEING RESTORED

President Roosevelt Orders the Government Physicians to Take Immediate Charge—There is Now a Ray of Hope—Many New Cases.

Washington, D. C., Aug. 5—President Roosevelt last night forwarded to Surgeon-General Wyman instructions to take full charge of the yellow fever situation in New Orleans, and advised him to do everything to check the disease.

At New Orleans.

New Orleans, Aug 5—The announcement that the President had taken prompt action in the matter of checking the fever here has a tendency to cheer up the despondent and restore confidence. Sixteen new cases were reported at noon today. The deaths for that time were only two, with a total to date of 91. There are now upwards of 500 cases in the city.

Tampa, Aug. 5.—There is complete quiet here at present and there is no fear expressed in regard to fever.

We wish to inform the patrons of The Sun that no votes are allowed in the Library contest on money paid for advertising in The Sun. Only those who pay the sum of $1.25 or over on subscriptions to The Daily Sun or those who pay cash for job printing will be allowed to vote.

Those who pay $1.25 will be allowed 75 votes for the organization of their choice; $2.50 entitling them to 200 votes, and $5 will entitle them to 500 votes.

A Worm Killer.

J. A. J. Montgomery, Puxico, Wayne county, Mo., writes: "I have little twin girls, who have been bothered with worms all their lives. I tried everything to relieve them, which failed until I used White's Cream Vermifuge; the first two doses brought four worms from one of them, the next two doses, twelve, one of them measuring twelve inches; the other child was only relieved of four worms. It is an excellent medicine." White's Cream Vermifuge is good for children. It not only destroys worms—it helps the child to perfect growth, wards off sickness. Sold by W. M. Johnson.

THE SUMMER NORMAL STILL PROSPERS

Enrollment Has Materially Increased During Past Week.

FINE WORK IS BEING DONE

The End of the First Month's Work Shows the Most Successful of Its Kind Ever Established in the State. All Departments Are Thorough.

The end of the first month of the University Normal shows it to be one of the most successful schools of its kind ever established in the State. The attendance has increased rapidly since its first week until now the student body numbers seventy-five representatives from nineteen counties—men and women who stand in the front rank of their profession.

Principals of the leading high schools of the State and quite a number of assistant teachers in the city and town schools have enrolled during the past week. These teachers are here for thorough preparation in the branches required for State certificate or for special work in primary methods.

The different courses and daily recitations are so arranged that an excellent opportunity is afforded those who wish to specialize along these lines.

The department of pedagogy and psychology is under the direction of Prof. L. W. Bucholz, the principal of the Normal. Prof. Bucholz is conceded to be the best informed authority on these subjects in the State, and the peer of the best educational thinkers of the South. His work has created enthusiasm in all the departments, for his students carry into their work the inspiration of their teacher. A prominent feature of this school worth noting is the large amount of laboratory work being done in the science classes. In physics the fine equipment which formerly belonged to the East Florida Seminary is in requisition every day. In physiology, botany and zoology constant use is made of the dissecting tools and microscopes in the study of typical forms of life gathered from the adjacent fields and woods. In political and physical geography, in addition to globes and maps the student teachers are given views of characteristic forms, prominent places and leading industries, by means of an electric stereopticon. In physics, as many experiments as possible of the National physics course are being prepared and written up in note-books by individual pupils.

Another important part of this summer school is the primary training department. Here are to be found twenty-five or thirty earnest and enthusiastic teachers, all desiring to become proficient in this line of work. Miss Owena Longmire of Summerlin Institute, at Bartow, has this work in charge. She is a graduate of the Peabody Training College for Teachers, Nashville, Tenn., and her success in past normal summer schools has brought her into favorable notice.

A model class of children has been organized, so that the teachers may actually see the practical application of the latest and best approved methods. On Monday and Friday of each week special assistance is given to those preparing for the examination for primary certificate.

State Superintendent Holloway visited the school during the week. He expressed himself as well pleased with the work and general progress of the Normal.

REFUSED FINE POSITION.

Prof. McBeath Refused Lucrative Job Rather Than Leave Florida.

That Prof. Tom F. McBeath is devoted to Florida, especially Gainesville, is forcibly demonstrated by the fact that Saturday he turned down the offer of a position on the faculty of the Southern Normal School of Kentucky with a salary of $1,800 per year. The offer came as a sequel to former correspondence, in the form of a telegram to Prof. McBeath making this offer and requesting an immediate reply. Prof. McBeath replied, thanking the president for the offer but declining.

The Southern Normal is the largest institution of its kind in the South and one of the largest and most successful in the United States. The people of Gainesville should and do appreciate this distinguished educator's loyalty to the State and his town and there is no doubt something good is in store for him here.

Prof. McBeath has just completed a residence on East Main street N.

The inventor of the famous "TERRELL SCRAPE," a man known wherever plows are sold and used, says:

"I have used MOZLEY'S LEMON ELIXIR for 10 or 12 years in my family for the stomach, liver and kidneys, and find it is the best medicine I have ever used. It is also a sure specific for pain in the back or under the shoulders. I have recommended it in numerous cases to my workmen, when sick and unable to work, and it has always given perfect satisfaction. H. D. TERRELL, President Atlanta Plow Co., Atlanta."

EXTEND STATE ROAD TO SEA.

Legislator Wants Bill Set for Special Order Next Tuesday.

Atlanta, August 5.—Immediately after the reading of the journal, Mr. Alexander of DeKalb county, introduced a resolution to set the bill for providing for the extension of the W. & A. railroad be made a special order for next Tuesday. The resolution was referred to the comittee on rules.

Further consideration of the general tax act was begun at 11:30 o'clock, and section after section was passed, to be taken up later. No radical changes were made in the bill and there was little debate until section 29 was reached.

The twenty-ninth section of the bill fixing a tax of $400 upon all manufacturers of all protected soda fountain beverages was the subject of a heated debate.

Mr. Hall of Bibb, moved to amend the section reducing the proposed tax to $100. He argued $400 was prohibitive and would kill off many of the smaller manufacturers. He contended the heavy tax would amount to protection to coca cola and give the manufacturers of that strup a monopoly.

Mr. Wise, of Fayette, defended the proposed tax.

In the Senate.

Practically the entire time of the senate Thursday was taken up with the consideration of local house bills. A large number of these measures were put upon their passage received the requisite constitutional majority, and only need the signature of the governor to become laws.

The appropriations bill is still in the hands of the senate committee on appropriations, and it will be several days before the senate begins the consideration of this measure.

The time of the senate today will be occupied with the consideration of a bill by Senator Wheatley providing for the codification of the military laws of the state.

A Warning to Mothers.

Too much care cannot be used with small children during the hot weather of the summer months to guard against bowel troubles. As a rule it is only necessary to give the child a dose of castor oil to correct any disorder of the bowels. Do not use any substitute, but give the old-fashioned castor oil, and see that it is fresh, as rancid oil nauseates and has a tendency to gripe. If this does not check the bowels give Chamberlain's Colic, Cholera and Diarrhoea Remedy and then a dose of castor oil, and the disease may be checked in its incipiency and all danger avoided. The castor oil and this remedy should be procured at once and kept ready for instant use as soon as the first indication of any bowel trouble appears. This is the most successful treatment known and may be relied upon with implicit confidence even in cases of cholera infantum. For sale by all druggists.

Rust in Alabama Cotton Fields.

Huntsville, Ala., August 5.—Madison county planters are beginning to complain of the spread of rust in their cotton fields, which has already suited in considerable loss by shedding. The crop prospects have been greatly improved during the preceding weeks by almost perfect weather but the rains and cold nights have caused the rust to overcome whatever advantage had been gained.

Nothing on the Market Equal to Chamberlain's Colic, Cholera and Diarrhoea Remedy.

This fact is well known to druggists everywhere, and nine out of ten will give their customers this preparation when the best is asked for. Mr. Obe Witmer, a prominent druggist of Joplin, Mo., in a circular to his customers, says: "There is nothing on the market in the way of patent medicine which equals Chamberlain's Colic, Cholera and Diarrhoea Remedy for bowel complaints. We sell and recommend this preparation." For sale by all druggists.

Two-Mile Bicycle Record Broken.

Ogden, Utah, August 5.—W. E. Sampelson, of Provo, Utah, broke the world's bicycle record for 2 miles at the local Saucer track. Riding from the scratch a two-mile lap handicap, professional race, he did the distance in 3:48 1-5. This is 4-5 of a second better than any previous record.

Given Up to Die.

B. Spiegel, 1204 N. Virginia St., Evansville, Ind., writes: "For over five years I was troubled with kidney and bladder affections which caused me much pain and worry. I lost flesh and was all run-down, and a year ago had to abandon work entirely. I had three of the best physicians who did me no good, and I was practically given up to die. Foley's Kidney Cure was recommended and the first bottle gave me great relief, and after taking the second bottle I was entirely cured." J. W. McCollum & Co.

All Doing Well.

A letter from A. R. Harper, who is spending a few days with his family on the coast at Seabreeze, directs that The Sun be sent to him at that place. "We are all well and having a good time here," he adds, "but we cannot do without The Sun, for we want to keep posted. The Gainesville contingent are all doing well and having a grand time." Friends of the Seabreeze sojourners will be glad to learn that they are all well and happy.

MR. HESTER'S MISFORTUNE.

Is Suffering From Injuries Received in Railroad Accident.

Friends of L. C. Hester of Williston, who, with his family, has been sojourning at White Springs for the past few days, writes The Sun requesting that his paper be changed from that place to Williston.

"I was taken very ill at White Springs a few days ago, on account of the injuries received in the railroad wreck some time ago at High Springs. My injuries are internal, and I fear it will take me some time to get over them."

It is hoped that Mr. Hester's injuries are not as serious as he supposes, and that he will soon completely recover.

They Appeal to Our Sympathies.

The bilious and dyspeptic are constant sufferers and appeal to our sympathies. There is not one of them, however, who may not be brought back to health and happiness by the use of Chamberlain's Stomach and Liver Tablets. These tablets invigorate the stomach and liver and strengthen the digestion. They also regulate the bowels. For sale by all druggists.

Just Meandering.

A city girl writes: "It is a fond dream of mine to become a farmer's wife and meander with him down life's pathway."

Ah, yes, that is a nice thing! But when your husband meanders off and leaves you without wood and you have to meander up and down the lane pulling splinters off the fence to cook dinner, and when you meander along in the wet grass in search of the cows till your shoes are the color of rawhide and your stockings soaking wet, and when you meander across twenty acres of plowed ground with a club to drive the hogs out of the cornfield and tear your dress on the barb wire fence, when you meander back home to the house, find that the billy goat has butted the stuffin' out of your child, and find the old hen, with forty chickens, in the parlor, you'll put your hands on your hips and realize that meandering is not what it is cracked up to be.—Osborne (Kan.) SOFTNESS OF SEALSKIN.

Is Rivaled by Human Hair Where Dandruff is Eradicated.

Sealskin is admired the world over for its softness and glossiness; and yet the human hair is equally as soft and glossy when healthy; and the radical cause of all hair trouble is dandruff, which is caused by a pestiferous parasite that saps the vitality of the hair at its root. Newbro's Herpicide is the only preparation that is fatal to the dandruff germ. Without dandruff there is no falling hair, but a luxuriant growth of glossy, soft hair is certain. Scouring the scalp won't cure dandruff. Kill the dandruff germ. Thousands of women owe their beautiful suits of hair to Newbro's Herpicide. Sold by leading druggists. Send 10c. in stamps to The Herpicide Co., Detroit, Mich.

A GREAT EDUCATIONAL MOVEMENT!

A Magnificent Library Worth $500 Offered Free of Cost!

Unprecedented Offer that Promises to Prove Unusually Interesting.

Something SUN Readers Shoud Consider

Read the Following Details Carefully:

The Mystery Surrounding the Beautiful Display in G. W. HYDE'S Window Revealed in the following:

A number of our enterprising merchants have arranged what will prove to be a most interesting contest between the High School, Twentieth Century Club, Odd Fellows' Home, B. P. O. Elks, Volunteer Firemen, Masons, W. O. W., K. of P., Gainesville Guards, Kirby Smith Chapter or J. J. Finley Chapter of the U. D. C., or any church, Sunday school, hospital organization or institution you would wish to own the beautiful library valued at $500, now on display at G. W. Hyde's.

THE REWARD will be a magnificent library, consisting of 200 volumes of the standard subscription publications of the day as follows: The Great Chas. Dudley Warner "Library of the World's Best Literature," 46 volumes; "Library of the World's Greatest Classics," 30 volumes; the Anglo-American Dictionary and Cyclopedia, 12 volumes; Library of Oratory, by Depew, 15 volumes; Works of Balzac, 36 volumes; the Library of Poets, 32 volumes; the World's Best Essays, 10 volumes; History of Our Great Commanders, 12 volumes.

Each and every one of these books are specimens of the best mechanical execution, which examination will prove.

The conditions of the contest are as follows: Any lodge, church or school, club, hospital or organization, public or private, is eligible to the contest. Votes for individuals will not be counted. With each 10 cents purchase a ticket will be given by the merchants through whose liberality these grand libraries are furnished, on which will be written the amount of the purchase and the number of votes. The purchaser will write on the ticket the institution or organization for which he or she desires to vote, sign their name and deposit the ticket in the ballot box in the store in which the purchase is made.

The standing of the contestants will be published exclusively in each Sunday's issue of The Sun until October 14th, 1905, at 7 o'clock p. m., when the remaining votes will be counted and the magnificent library awarded to the organization having the largest number of votes. The Sun will publish in each issue a coupon which will entitle the holder to two votes that will be credited to the institution that is written on space provided for same when delivered to the ballot boxes in either of the stores.

The creditors of Mrs. Cassie Chadwick will get about seven mills on the dollar. The assets will be about $25,000, the attorneey and court fees amounting to $11,300 on a two million indebtedness.

The Tampa people have a bunch of paving contracts that will amount to many thousand dollars, but the city will increase in valuation by the operation and the street tax will be lessened when the paving is paid for.

The need of a free reading room is felt in Gainesville. Perhaps no one realizes the good such an institution would do more than a newspaper office, where an idea can be obtained of the number of "free readers" there are in the city. This matter is worthy of attention.

The most successful cities are those that have advanced by issuing bonds. The government of the United States is prosperous with a large bonded indebtedness, and the British government has such a large debt on its hands that they never think of paying anything but the interest.

EDUCATIONAL BONDS.

The election to be held on Tuesday, August 8th, to decide whether the issuance of the bonds provided for by ordinance shall be approved by the registered electors of the city, should command the attention of every man and woman who has the interests of the city at heart. While the women cannot vote, they can wield an influence for good and thus aid in advancing the city's best interests.

While The Sun would not unduly influence any voter in this matter, under the present conditions it would seem our only hope now is to carry this question by a sure majority, and since it has been decided to be for our best interests, the vote should be unanimous.

The bonds call for the payment of $50,000 for the purpose of securing educational advantages and facilities, which means the location of the University of Florida in our city. The terms of payment are made easy and the interest at five per cent. It will not be required of the city to pay these bonds in full before the expiration of thirty years, and as our city advances in wealth and progress the burden becomes less on each individual property holder.

The University of the State of Florida, the leading educational institution of the State, will be located on the site selected west of this city by the Board of Control, and the impression that any of the important features of this school will not be included in its courses as in the past is erroneous. The school will be here in its entirety, regardless of the statements made by those who have no authority to speak regarding the matter.

The University will have a course of study equal to any of the high-grade universities of the country. It will be the aim of President Sledd to place it in the front rank of the educational institutions of the United States, and he will have the co-operation of the State Board of Education. The object of the school will not be to turn out industrial units, but to fit out our young men with an education that will enable them to master any of the professions or prepare them for any business they may see fit to follow.

Gainesville has the endorsement of the press and people of the State as the proper place for the seat of learning of Florida, has been voted the same by the Board of Control, and the people of our fair city should not be behind in appreciating the efforts and approval of others of the eminent standing accorded our city, and although the school will be conducted as non-sectarian—religious teaching being debarred from the public institutions of learning—the tone of the public sentiment of our city can do much to aid in placing a moral aspect before the students and build up from the foundation a school that will attract the attention of all who desire to have the schools of the land as a safeguard to our Republic.

The Suwannee Democrat is booming the city of Live Oak with extensive write-ups and fine cuts of the public and private buildings. If Live Oak does not advance the fault cannot be laid at the door of The Democrat. It certainly speaks well for the city, and this is no paid puff.

People in different portions of the State, who have been planning to take in the various excursions announced, will be compelled to remain at home, as the railroads have declared all of the trips off, on account of the yellow fever scare.

Orlando merchants are trying to change the minds of the fellows who think it better to change their trading place than to pay their bills.

The Pensacola negroes are greatly elated over the "knockout" of the Jim Crow street car law.

EGGS AND CHICKENS.

The price of eggs in this city has been high all summer, and it would seem as though the raising of chickens and the egg business ought to pay well in this section. Only for a short time in the spring were they below twenty-five cents a dozen, and they have been scarce at that price.

There is also no doubt but what money can be made in the chicken business, if anyone would go at the business systematically. But it takes work and patience at chicken raising, and a little knowledge of the business.

It is certainly a fact that eggs and chickens are higher than they should be in this part of the State.

Motorboat Successful Trial.

Bridgeport, Conn., August 5.—A trial trip just made by a motorboat built from the plans of Charles F. Herreshof at the plant of the American and British Manufacturing company here, is said to have demonstrated that the craft is the fastest ever built, although Mr. Herreshof has declined to give out figures at present. He said the boat was a world-beater, and intimated that she made much better time than 35 miles an hour.

Cassie's Creditors Get Seven Mills.

Cleveland, O., August 5.—Creditors of Mrs. Cassie L. Chadwick will receive a total dividend of about 7 mills on the dollar when the matter is finally settled, according to Referee in Bankruptcy Remington. The assets will amount to $25,000, it is expected against which are claims for attorney fees and court costs amounting to $10,300, leaving about $14,000 with which to meet $2,000,000 of indebtedness.

Woman Indicted for Murder.

Raleigh, N. C., August 5.—The grand jury of Buncombe county has returned a true bill against Kate Saunders, a young white woman for killing her child and hiding the body in the woods of Black Mountain, one of the wildest sections in the country. The crime was committed a month ago and the body was discovered only a few days since. The woman is in jail without privilege of bail.

PIMPLES

"I tried all kinds of blood remedies which failed to do me any good but I have found the right thing at last. My face was full of pimples and blackheads. After taking Cascarets they all left. CELEBRATING CANAL OPENING.

Semi-Centennial of the Completion of Ship Canal.

Sault Ste Marie, Mich., August 4.—Commemoration exercises in the government park here adjoining the ship canal made up the second day's program of the semi-centennial celebration of the opening of the St. Mary's ship canal, which connects Lake Superior with the lower lakes.

The exercises took the form of a program of addresses, the feature of which was an address by Vice President C. W. Fairbanks. The park was handsomely decorated and the addresses were made from a stand erected at an advantageous point. Archdeacon Lord, of Sault Ste Marie, opened the exedcises with an inovation. Hon. Peter White, of Marquette, president of the commission, who had the ceremonies in charge, and the most widely known man in the upper peninsula, spoke on "The Development of the Lake Superior Region."

Other addresses were made by Congressman Burton, of Ohio, chairman of the rivers and harbors committee of the house of representatives; Hon. Rodolphe Lemieux, solicitor general of the dominion of Canada; Governor Fred M. Warner, of Michigan, United States Senator Burrows, and Hon. William Livingston, president of the carriers' association.

Another Good Man Gone Wrong.

He neglected to take Foley's Kidney Cure at the first signs of kidney trouble, hoping it would wear away, and he was soon a victim of Bright's disease. There is danger in delay, but if Foley's Kidney Cure is taken at once the symptoms will disappear, the kidneys are strengthened and you are soon sound and well. A. R. Bass of Morgantown, Ind., had to get up ten or twelve times in the night, and had a severe backache and pains in the kidneys, and was cured by Foley's Kidney Cure. J. W. McCollum & Co.

WILL VISIT BALTIC SEA.

British Fleet Will Soon Appear in Russian Waters.

London, August [illegible]he forthcoming visit of a British fleet to the Baltic sea appears more than likely to mark the beginning of more cordial relations between Germany and Great Britain, instead of as has been suggested in some quarters, adding to the friction now existing. The proposed trip was known to the German foreign office months ago and suggestions that objections to it were raised by Germany are unfounded.

Ernest George Prettyman, secretary to the admiralty, today in reply to questions said definitely that no protests regarding the visit of the fleet had been received.

Friendly comment on the pending cruise from German Baltic ports creates the belief that it will help along King Edward's desire for good relations between Germany and Gdeat Britain, and the announcement of Emperor William's support of the candidacy of Prince Charles of Denmark for the Norwegian throne, is accepted as an indication tha tthe German ruler proposes to work in the same direction. The report is revived that Emperor William will meet King Edward during the latter's forthcoming trip to Marienbad.

Rheumatism.

When pains or irritation exist on any part of the body, the application of Ballard's Snow Liniment gives prompt relief. E. W. Sullivan, proprietor Sullivan House, El Reno, O. T., writes, June 6, 1902: "I take pleasure in recommending Ballard's Snow Liniment to all who are afflicted with rheumatism. It is the only remedy I have found that gives immediate relief." 25c, 50c and $1. Sold by W. M. Johnson.

Negro Kills White Man.

Birmingham, Ala., August 5.—A special to the News from Hattiesburg, Miss., says that James G. Smith, an aged white man, in charge of the city convict force, was shot and killed this morning by Will Horne, one of the negroes in his gang. The negro jerked the guard's revolver out of its scabbard and sent a bullet through the guard's stomach. The murderer escaped to the adjacent woods, and a posse of one hundred citizens are now in hot pursuit.

VALUE EQUITABLE'S PROPERTY.

Two Experts Have Been Appointed by President Paul Morton.

New York, August 5.—Two experts have been appointed by President Paul Morton to value every piece of real estate in which the Equitable Life Assurance society has an interest, says the Tribune today. He is stated to have taken this action yesterday when he received the reports of expert accountants. These reports, it is said, indicate the possibility of extensive over-valuation. The society owns in this country and abroad real estate valued at approximately $35,000,000. According to the Tribune, it is thought possible that this amount will have to be reduced while the valuation on parcels on which loans are outstanding may have to be reduced by at least 10 per cent.

This last report to the state insurance department gave the value of real estate owned by the society at $36,895,647. Of this sum buildings occupied by the society in New York Boston, St. Louis, Des Moines, Denver, Memphis and in Paris, France, Madrid, Spain, Vienna, Austria, Berlin, Prussia, Santiago, Chile, City of Mexico; Sydney, N. S. W., and Melbourne, Australia, are stated to be worth $31,573,150, while buildings in New York city, Jersey City, Milford N. Y., West Orange, Piscatawa, Bayonne and Bergen Point, N. J., are valued at over $5,500,000.

It gives protection at actual cost. Local men manage it and prevent any possibility of fraud. It is insurance at actual cost and money kept at home. Its source and origin, purpose and end, is Mutual and Co-operative Help—one thousand persons banded together to INSURE each other AT COST.

For a policy in the ALACHUA DIVISION OF THE MUTUAL LIFE ASSOCIATION of Georgia. Average cost to Policy Holders last year, $5.49 on a $1,000 policy. Forty-seven Divisions now running. $24,800,000.00 Insurance in force—now writing more than three millions of dollars a month. Only one thousand members allowed in one division and policy limited to $1,000. Open to men and women. Initiation fee payable when application is made.

At ages from 16 to 30 Class A	$3 00
At ages from 30 to 40 Class B	4 00
At ages from 40 to 50 Class C	5 00
At ages from 50 to 60 Class D	6 00

These amonnts are paid only one time. One year from the date of the policy, and annually thereafter.

The annual dues are Class A	$ 75
The annual dues are Class B	1 00
The annual dues are Class C	1 25
The annual dues are Class D	1 50

Whenever a death occurs in a division, each member is called upon to pay a death premium of $1.15. According to the sworn statement of the Company made to the Comptroller General January 1st, 1905, the average cost to the policy holders of Georgia last year to carry a $1,000 policy was $5.49.

Paid beneficiaries during the year 1904, $64,000.00.

$3,321,000.00 of business written in May, 1905.

Mortuary rate last year 3 1-10 per 1,000 policy holders—year before, 3 3-10 per 1,000 policy holders.

EXPERIENCE OF A POLICY-HOLDER IN THE CLARKE COUNTY DIVISION.

This division was organized four years ago; in the whole of that time there have only been fifteen deaths in that division, which is full and consists of a thousand members, an average of 3 3-4 deaths a year. **These are facts.**

Let us see what has been the actual cost of a thousand dollars insurance of a member of the Clarke county division who has been in it for the last four years, and who was between the ages of forty and fifty, Class C. His initiation fee was $5.00, 15 death assessments $1.15 each, $17.25. There has been three annual dues $1.25 each, total $22.25 for four years insurance, or an average of $5.83 to carry a thousand dollars insurance for a year, between the age of forty and fifty. A member who is under that age has paid a similar amount. In an old line or stock company, at the same age, would have cost these members $48.48 per annum. Is there any sense in paying $48.48 for the same thing that you get for $5.83 and just as good, and just as safe?

What One of Georgia's Greatest Men Has to Say About the "Mutual Life of Georgia."

ATHENS, GA., March 27, 1905.

MR. JOHN A. DARWIN, Secretary and Treasurer, Athens, Ga.

Dear Sir: After making a careful study of the plan of "The Mutual Life Industrial Association of Georgia," I have taken out a policy in it and consider it the most complete solution of life insurance I have ever seen.

I have insurance in old-line and assessment companies and I have decided that "The Mutual Life" is as safe and at the same time lower in cost than any of them.

Yours very truly, HOWELL COBB.

Received through Mr. J. A. House, Secretary and Treasurer, $1,000 from "The Mutual Life of Georgia," Home Office, Athens, Ga., as beneficiary under Policy No. 4313, in the Windsor Division. This had only cost my husband $9.90 for nearly two years. The money was paid me in 24 hours after his death. I beg all women in Georgia to insist on their husbands to take a policy in the Athens Company. (MRS.) EMMA J. BAKER.

Miami will raise $1,000 to fit up a baseball park.

One Tallahassee buyer shipped 4,000 barrels of Keiffer pears.

The Knights of Pythias at Palatka have purchased a building and will fit it up for a Castle hall.

Jacksonville has about 2,000 dogs, by a liberal estimate of that city, and only about 4 per cent licensed.

The striking carpenters in Jacksonville are very orderly and more men are going to work every day.

Fernandina is elated over the fact that they will soon have two more railroads coming into that city.

W. [illegible]kson is the new mail carrier between Greenwood to Marianna, and has the contract for carrying passengers.

Tallahassee has a "Peeping Tom" who was recently shot by two men with shotguns a few evenings ago. He was captured.

The new terminal depot of the G. S. railway at Palatka is now completed and trains will soon be run to that station.

The leading citizens of Pensacola are taking steps to establish a military company in that city which is liable to be needed at any time.

Commissioner of Agriculture McLin has sent out letters to the sheriffs of every county calling attention to their duties regarding the new fertiliser and feed law.

The Colored Normal School at Tallahassee has received an offer of $10,000 for the establishment of a Carnegie library upon the condition that they raise a similar amount.

The district conference of the Congregational Methodist Church will be held at Long Branch church, five miles north of White Springs, Hamilton county, commencing Friday, August 18th.

The Jacksonville authorities are making it very unpleasant for the vags in that city. The county authorities will also take action in the matter and try to clear the county of their presence.

H. M. Ballentine, an engineer on the S. & S. P. Railroad, committed suicide at Alton, near Mayo, on Wednesday by taking morphine. He was 30 years of age and leaves an aged father and mother.

Leo DeForest, inventor of the DeForest system of wireless telegraphy, is at the Pensacola navy yard inspecting the plant there. He went there to ascertain the trouble with the local system and why uninterrupted communication could not be maintained between Pensacola and Key West.

The detectives, the coroner's jury and the grand jury of Dade county have all failed in clues or apprehension of the assassins of C. E. Davis and daughter two months ago near Miami. The murderers will now, it is thought, never be found. However, the grand jury asked the county commissioners for an appropriation, to enable the officers to continue the investigation.

The Savannah News of Thursday says: "Mrs. Elizabeth Evans of Lakeland, Fla., was successful yesterday for the third time in getting a big judgment against the Atlantic Coast Line Railway for the death of her husband. The jury, after being out two hours and a half, found in her favor for $12,000. The suit has been tried twice before, resulting the first time in a verdict for $3,000 and the second time for $8,000."

Cured Hay Fever and Summer Cold.

A. J. Nusbbaum, Batesville, Indiana, writes: "Last year I suffered for three months with a summer cold so distressing that it interfered with my business. I had many of the symptoms of hay fever, and a doctor's prescription did not reach my case and I took several medicines which seemed to only aggravate my case. Fortunately I insisted upon having Foley's Honey and Tar and it cured me. My wife has since used Foley's Honey and Tar with the same success." J. W. McCullough & Co.

City Marshal Assassiated.

Baxley, Ga., August 5.—Mike Aspenwall, city marshal, was assassinated here by A. J. Chestnut. Chestnut was pursued by 25 armed citizens who left their places of business to prevent his escape. He fired twice on his pursuers and and was shot through the left side with a rifle ball. He was brought back and lodged in jail. He said "blind tiger liquor had brought me to this." Chestnut had a street fight this afternoon with Luke Whetl who had bested him. City Marshal Aspinwall interfered and the shooting followed.

Killed by Policeman.

Richmond, Va., August 5.—At South Boston, Halifax county, last night Policeman Joseph Carter shot and fatally wounded Henry Easly, Jr., son of Colonel Henry Easley of Governor's staff. The shooting followed an altercation. The bullet penetrated the breast and Easley died in a few hours.

Public is Aroused

The public is aroused to a knowledge of the curative merits of that great medicinal tonic, Electric Bitters, for sick stomach, liver and kidneys. Mary H. Walters of 516 St. Clair Ave., Columbus, O., writes: "For several months I was given up to die. I had fever and ague, my nerves were wrecked; I could not sleep, and my stomach was so weak, from useless doctors' drugs, that I could not eat. Soon after beginning to take Electric Bitters, I obtained relief, and in a short time I was entirely cured." Guaranteed at all drug stores; price 50c.
